

The Omega Community Development Corporation

An Update from Us to You

Organization Mission: The Omega Community Development Corporation's mission is to transform Northwest Dayton into a family supportive neighborhood through family development, youth development and economic development.

Dear Friends of Omega CDC!

We want to assure you that we take the health and well-being of our community, families, and partnering agencies very seriously. Like you, we have spent the last few days closely monitoring the quickly developing effects of the Coronavirus (COVID-19) pandemic and we have taken seriously our Governor's directive to practice social distancing to 'flatten the curve' of the spread of the virus.

Although we have temporarily closed our offices, we continue to serve our children and families with staff working diligently to deliver services virtually. Our commitment is to continue to fulfill our mission to serve the northwest Dayton community. All phone messages to our office at **(937)723-8254** are checked daily and requests for assistance are directed to our dedicated staff.

We are pleased to continue the following programs during the COVID-19 pandemic:

Over the next days and weeks, the Omega CDC looks forward to keeping in touch personally with each family involved in our programming. Through creative virtual delivery of after-school lessons, phone calls, emails, and guidance to resources, we hope to bring encouragement and assurances that will help us all get through this.

Please take care of yourself and your loved ones and know that you are greatly appreciated!
